Inspired by America's greatest talk show host –
Tucker Carlson.

Since his departure from Fox News, Tucker has been
America's leading conservative voice in media.

This is one of the first Tucker Carlson-inspired meme
coins that aims to make Tucker more popular and
help veterans. It's similar to \$Trump, but cooler.

Founder. The guy who came up with the idea for Tucker. He loves Tucker and he’s behind all the creative shit.
Bit of a troll. Addicted to cigarettes.
